

ADVISORY COMMITTEES TO THE SCHOOL BOARD

The School Board may appoint advisory councils or committees of citizens of the school division for consultation with reference to specific matters pertaining to local schools. In addition, pursuant to Board of Education regulations, the School Board establishes advisory committees for the following programs: special education and career and technical education. These committees shall serve without compensation for one-year terms.

A School Health Advisory Board (SHAB) will be established. The SHAB will be comprised of no more than twenty members. The members will include broad-based community representation, including parents, students, health professional, educators, and others. The SHAB will assist with the development of health policy in the school division and the evaluation of the status of school health, health education, the school environment, and health services. The SHAB will hold meetings at least semi-annually and will annually report on the status and needs of student health in the division to any relevant school, the School Board, the Virginia Department of Health, and the Virginia Department of Education.

The School Board may request that the SHAB recommend to the School Board procedures relating to children with acute or chronic illnesses or conditions, including, but not limited to, appropriate emergency procedures for any life-threatening conditions and designation of school personnel to implement the appropriate emergency procedures.

A Parent Advisory Council will be established to provide advice on all matters related to parental involvement in programs supported by Title I, Part A and/or Limited English Proficiency programs under Title III.
